

CREATED BY GUSNIP NTAE CENTER

## **Produce Prescription (PPR) Implementation Logic Model**

**Resource Prepared by Michigan Farmers Market Association** 

June 2022

The Nutrition Incentive Hub, created by the Nutrition Incentive Program Training, Technical Assistance, Evaluation, and Information Center (NTAE), is a coalition of partners that supports nutrition incentive and produce prescription projects. The NTAE Center is supported by Gus Schumacher Nutrition Incentive Program grant no. 2019-70030-30415/project accession no. 1020863 from the USDA National Institute of Food and Agriculture.

## Workflow for Produce Prescription (PPR) Project Implementation

INPUTS	ACTIVITIES	OUTPUTS	OUTCOMES
<ul> <li>Step 1: Identification and Referral</li> <li>Healthcare Partner(s) to identify and refer participants to the PPR project. Examples could include primary care physicians, social workers, and clinical staff</li> <li>Eligibility criteria</li> <li>Patient referral screening tool Examples include paper, online, or using Electronic Medical Records (EMRs)</li> <li>Step 2: Enrollment</li> <li>Organization(s) to facilitate enrollment. Examples could include project coordinators, healthcare partners, public health departments, nutrition education partners, community health workers, and the participating location(s) where produce prescriptions can be redeemed</li> <li>Enrollment session agenda/outline</li> <li>Program materials and handouts</li> <li>Participant pre-program survey and/or methods for tracking baseline data</li> </ul>	<ul> <li>Step 1: Identification and Referral</li> <li>Identify participants in the target population</li> <li>Screen and verify participants for eligibility based on established criteria</li> <li>Refer eligible participants to PPR project</li> <li>Step 2: Enrollment</li> <li>Schedule participant for enrollment session</li> <li>Hold enrollment sessions at redemption site(s), a pre-determined location, or over the phone to provide participants with a program overview and a prescription to redeem fruits and vegetables</li> <li>Collect participant baseline data</li> <li>If applicable, provide nutrition education could include knowledge and skills for choosing, preparing, and eating fresh fruit and vegetables, recipe sharing and tastings, cooking demonstrations, and storage tips.</li> </ul>	<ul> <li>Step 1: Identification and Referral <ul> <li>Number of participants referred</li> </ul> </li> <li>Step 2: Enrollment <ul> <li>Number of participants enrolled</li> <li>Completed pre-program survey and baseline data</li> <li>Consent form signed by patient</li> </ul> </li> </ul>	<ul> <li>Short-term: Improvement of dietary health through increased consumption of fruits and vegetables</li> <li>Intermediate: Reduction of individual and household food insecurity</li> <li>Long-term: Reduction in emergency healthcare use and costs associated with managing diet- related chronic disease</li> <li>Project team should identify additional target outcomes specific to their evaluation plan</li> </ul>

INPUTS	ACTIVITIES	OUTPUTS		OUTCOMES
<ul> <li>Step 3: Redemption</li> <li>Location(s) where produce prescriptions can be redeemed. Examples could include grocery stores, farmers markets, etc.</li> <li>Alternative currency (if necessary)</li> <li>Redemption record-keeping tools</li> </ul>	<ul> <li>Step 3: Redemption</li> <li>Participating firms (redemption locations) exchange produce prescriptions or alternative currency for fruits and vegetables</li> <li>Track participant attendance and maintain redemption records</li> </ul>	<ul> <li>Step 3: Redemption</li> <li>Number of enrolled participants who redeemed their produce prescriptions</li> <li>Number of times each participant has visited the firm (redemption location)</li> </ul>		Short-term: Improvement of dietary health through increased consumption of fruits and vegetables
<ul> <li>Step 4: Continued Participant Support and Education</li> <li>Organization(s) to facilitate participant support and education. May be the same or different from organization completing enrollment</li> <li>Program materials and handouts</li> <li>Step 5: Program Close-Out</li> <li>Program Coordinator(s)</li> <li>Participant, firm, and healthcare partner post-program surveys and methods for tracking post-program data</li> <li>Step 6: Reimbursement</li> <li>Program Coordinator(s)</li> <li>Location(s) where produce prescriptions can be redeemed</li> <li>Established frequency and method for reimbursement</li> </ul>	<ul> <li>Step 4: Continued Participant Support and Education</li> <li>Follow-up with participants who have not redeemed their produce prescriptions and discuss barriers to redemption</li> <li>If applicable, continue to provide nutrition education to and facilitate goal setting with participants. Could be done at the firm (redemption location) or a pre-determined location, or over the phone.</li> <li>Step 5: Program Close-Out</li> <li>Collect patient post-program data</li> <li>Collect post-program data from partners including participating firms and healthcare partners</li> <li>Identify changes for program improvement</li> <li>Reimburse participating firms for alternative currency redeemed</li> </ul>	<ul> <li>Step 4: Continued Participant Support and Education</li> <li>Documented barriers for participation</li> <li>Change in participant knowledge of program and relevant nutrition education</li> <li>Step 5: Program Close-Out</li> <li>Completed post-program surveys and feedback from firms and healthcare partners</li> <li>Completed participant post- program data including survey, biometrics, and self- reported health outcomes and/or behavior changes</li> <li>Step 6: Reimbursement</li> <li>Number of voucher/tokens redeemed (redemption percentage)</li> <li>Amount spent on fruits and vegetables</li> </ul>	•	Intermediate: Reduction of individual and household food insecurity Long-term: Reduction in emergency healthcare use and costs associated with managing diet- related chronic disease Project team should identify additional target outcomes specific to their evaluation plan

## **EVALUATION**

Work with the Reporting and Evaluation team to implement the Evaluation Plan to assess the impact of project participation on the target audience.
